

# Services

**AIRCARE** – Operated by the University of Iowa Hospitals and Clinics, Covenant’s jet-powered emergency helicopter is available to transport accident victims, medical personnel and equipment to and from accident areas and hospitals.

**AMBULANCE SERVICE** – As the City of Cedar Falls’ primary 911 responders Sartori’s ambulance service provides 27 hour emergency paramedic response and treatment to people enroute to area hospitals.

## **AMBULATORY/OUTPATIENT SERVICES**

– Coordinated, comprehensive outpatient services available for surgical and medical diagnosis and treatment utilizing advanced technologies. Services include endoscopy, pain clinic, cataract removal, laser vision correction, IV therapies, chemotherapy, stereotactic breast biopsies, and many different types of specialty surgery.

**AUXILIARY** – The Sartori Auxiliary is a vital component to the hospital’s success. Hundreds of auxiliaries donate their time and talents in providing support for numerous events, fundraisers and services. A gift shop is available for the convenience of patients, families, visitors and staff.

**CARDIOPULMONARY SERVICES** – Professional staff offer a wide variety of diagnostic and therapeutic services for patients within the hospital or patients in need of specific testing. Services include respiratory therapy modalities, stress tests, echocardiograms, pulmonary function tests, and holter monitors.

**COVENANT HOME HEALTH** – A program where specially-trained nurses are available to provide continued nursing, therapy or other support services in the comfort of a patient’s home.

**DIABETES COUNSELING & NUTRITION EDUCATION** – Sartori’s registered dietitian is available to educate individuals about the importance nutrition plays in preventing and treating disease. A dietitian and nurse who specialize in diabetes can provide valuable information that is uniquely designed for each individual person and situation.

**EMERGENCY SERVICES** – Sartori’s emergency services department provides 24-hour emergency service to Cedar Falls and surrounding communities. Ready to assist when only a few seconds matter, the EMS Department is staffed full-time by qualified physicians, nurses and medical personnel who are specially trained in emergency medicine.

**FOUNDATION** – Charitable contributions are important in helping to assure that quality health care services are available for Sartori patrons. With generously donated monies from local businesses and individuals, the Sartori Healthcare Foundation provides the needed funding for medical technology and services, education, and patient care necessities.

**HOME MEDICAL** – When patients need the best in coping with a medical condition at home, dependable products and a professional staff are available 24-hours a day to help make the hospital-to-home transition easier.

**INTENSIVE CARE** – Featuring state-of-the-art technology, this five-bed unit offers the highest quality services for critically ill patients.

**LABORATORY** – Joint Commission accredited, Sartori’s laboratory offers a wide range of testing, using the most advanced technology available.

**MEDICAL/SURGICAL UNIT** – Located on the second floor, this unit features private rooms for medical and surgical acute care patients and skilled nursing care patients. Patients can transition from acute care while remaining in the same room.

**NURSE ON CALL** – Around-the-clock answers to health care questions or concerns. Registered nurses listen carefully to questions and help in making informed decisions about what to do. They can also help in finding a Covenant Clinic physician to satisfy individual needs, including insurance companies, medical specialties and office hours.

**RADIOLOGY SERVICES** – Using advanced technology, Sartori’s radiology services include: mammography, ultrasound, CT scanning, nuclear medicine, Magnetic Resonance Imaging (MRI), bone density scans and X-ray diagnostics.

**REHABILITATION SERVICES** – A comprehensive rehabilitation program using an interdisciplinary goal-oriented approach in helping people with physical disabilities develop the skills they need to live as independently as possible. Services include: physical therapy, occupational therapy, and speech-language therapy.

**SPIRITUAL CARE SERVICES** – Sartori’s chaplain service is available to assist in helping provide nondenominational emotional support and counseling for patients, families and staff members. Sartori’s chapel is located on the first floor and is open at all times of the day.

# Services

## **CENTER FOR SENIOR BEHAVIORAL HEALTH**

– The third floor of the hospital houses a 15-bed acute, inpatient senior behavioral health unit. Features include: 24-hour admission, discharge planning, comprehensive medical and psychiatric evaluation, medical management of psychiatric disorders, medication management and education, individualized treatment planning, neuropsychological testing, individual, group and family therapy, therapeutic exercise, stress management, activity-based therapy groups, spiritual counseling, community resource linkage, and occupational and physical therapy.

**SURGICAL SERVICES** – *Sartori offers the latest surgical technology and anesthetic techniques, combined with warm, personalized care in an attractive, comfortable atmosphere designed to put patients at ease. A wide variety of inpatient and outpatient surgical procedures are provided.*

**LASER VISION CORRECTION** – The Laser Suite features the VISX laser with 3D eye tracker and Custom View Wavefront technology. This open access laser center is used by area ophthalmologists to help thousands of patients improve their vision through LASIK procedures.

**MIDWEST INSTITUTE OF ADVANCED LAPAROSCOPIC SURGERY™** – Dr. J. Matthew Glascock and Sartori Memorial Hospital are designated as a Bariatric Surgery Center of Excellence through the American Society for Metabolic & Bariatric Surgery. This designation gives us the ability to perform weight loss surgery, such as roux-en-y gastric bypass and Lap-Band® to patients with Medicare. The Midwest Institute of Advanced Laparoscopic Surgery offers the latest in state-of-the-art laparoscopic surgical technology. We house a state-of-the-art operating theatre and equipment designed specifically for our bariatric surgery patients. Surgery bariatric surgery can reverse or improve health problems including High Blood Pressure, Diabetes, Gastric Reflux Disease, Infertility, Sleep Apnea and more.

## **PHYSICIANS, PHYSICIAN ASSISTANTS AND NURSE PRACTITIONERS SERVICES**

– Covenant Clinic has a number of primary care and specialty physicians, physician assistants and nurse practitioners who share the common goal of providing quality and compassionate health care services to people throughout Northeast Iowa. These health care providers are located in the Sartori Professional Building and Arrowhead Medical Center in Cedar Falls.

**SPECIALTY CLINICS** – Specialists on-site include orthopedics, cardiology, ophthalmology, podiatry, nephrology, vascular and gastroenterology.
